Leading birthing and parenting instructors will share their insights and experience for new and expectant parents, and extended family for raising children.

This is a project of the Pregnancy, Birth and Beyond Radio Show, a community project that is into its tenth season at BayFM.

An inspiration of volunteer organisation Maternity Choices Australia, our show honours a woman's right to choice, her body, her baby, and her birth. We hope to inspire and inform you, our sisterhood and families, through the thresholds of birth and your unique journey to motherhood and parenthood.
